

Figure 1

**Total number of complete plastid genomes on NCBI GenBank
per year**

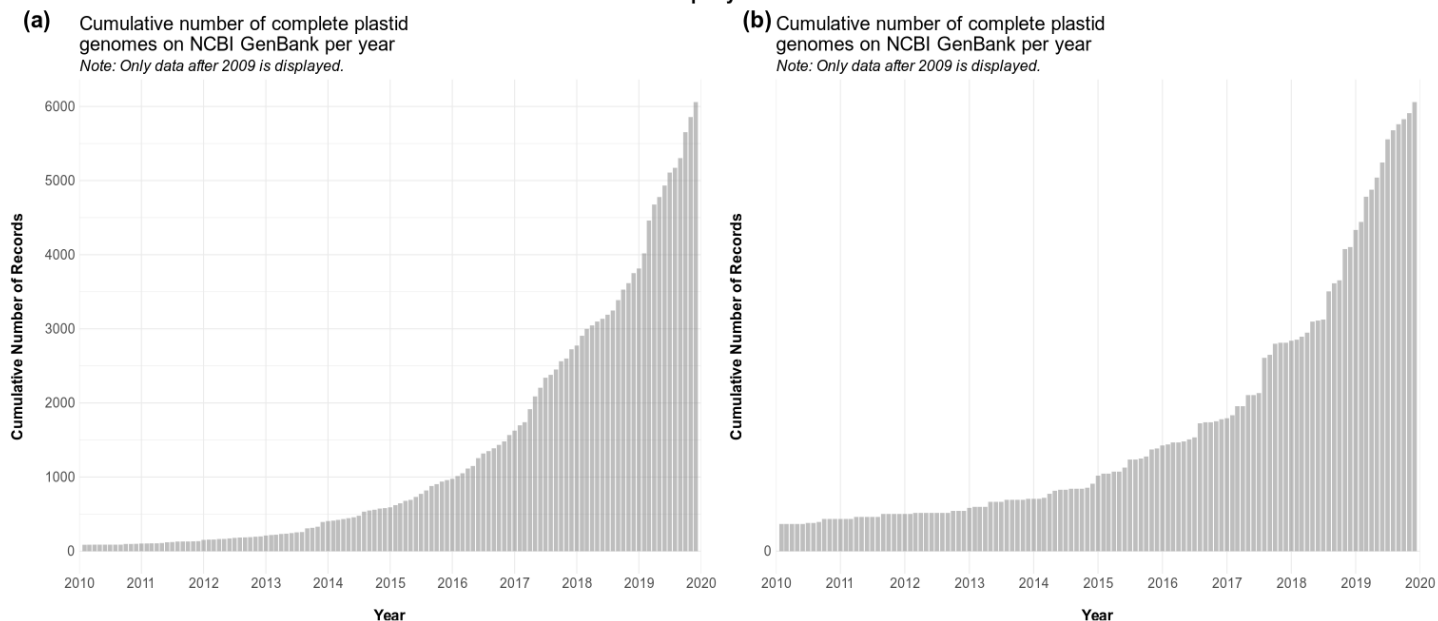

Figure 1: Number of complete plastid genomes of **(a)** angiosperms and **(b)** non-angiosperms on NCBI GenBank over the past 10 years (01-Jan-2010 and 31-Dec-2019). The scale of the y-axis is different across plots. All duplicate records generated via the NCBI RefSeq database were excluded prior to plotting.
